

Prestige Design School Uniform Mission Statement

The key items your child needs for their uniform are also the items that are most likely to cause you a headache when it comes to shopping. A good pair of school trousers, or a smart skirt, badged blazer plus a couple of shirts / blouses, are essential back-to-school clothing.

These items do the 'heavy lifting' of your child's school uniform, as they are worn every day come rain or shine. While blazers, trousers and skirts need to be hard-wearing and stain-resistant; shirts and blouses need to be kind to skin, easy to wash repeatedly, and comfortable.

Prestige Design pride ourselves on offering a school uniform that offers fantastic value for money with quality garments that will last and withstand the daily rigour of the school day.

We always ensure that our suppliers and manufacturers offer the best products and value for money, so we then pass that on to our customers.

Prestige offer the continuity of supply, with the school's uniform being stocked all year round and with constant stock, even when the back to school season has finished.

We compare prices and services provided by our competitors to ensure that we offer the best service possible.

This year, we have introduced a direct delivery to school option. This means we deliver once or twice a week directly to the school, which not only reduces our carbon footprint, but also offers parents/guardians a better option for buying and exchanging items of uniform, especially useful if they are unable to get to one of our shops.

We are passionate about the environment and work closely with our suppliers in producing high quality Eco Uniforms, where the fabric used is made from recycled bottles. By doing this in 2020, Prestige Design prevented 180,000 plastic bottles going into landfill sites across the UK.

Prestige Design will continue to work closely with all our customers and suppliers so that we can offer the best value for money, the best quality of garment and the best customer service.
